

A PUBLICATION OF THE SEVEN HILLS FAMILY SUPPORT
CENTERS MAKING COMMUNITY CONNECTIONS

Family Support Center staff members gather at the Hope Food Pantry in Athol to volunteer

Leading by Example: Family Support Center Staff Empowers Families to Connect and Thrive

At Seven Hills Family Support Centers (FSCs), our mission is to uplift individuals with disabilities and their families by connecting them with community resources and a wide range of integrated supports.

Our goal is simple, yet profound: To help every person achieve a full and meaningful life.

The statewide network of Family Support Centers is funded by the Massachusetts Department of Developmental Services (DDS). The FSCs are operated by DDS-designated health and human services agencies throughout the Commonwealth.

Seven Hills' FSCs serve four strategic regions: North Central, South Valley, North Quabbin, and Greater Lowell. Each Center is staffed with

dedicated Navigators who work with families to address immediate challenges and plan for long-term success. Our expertise includes:

- Individualized support & advocacy
- Education on systems of care, public benefits, & funding
- Friendship & relationship-building
- Transition to adult supports
- Assistive & Remote Support Technology
- Adults with autism spectrum disorders
- Cultural & linguistic competency

Seven Hills' FSC staff values the power of partnerships and regularly gives back to our loyal community of supporters and resources. It is through their own action that FSC teams spotlight the channels of

navigation necessary to reach goals and build a solid foundation for a lifetime of success.

Whether navigating services, creating strategies, or exploring opportunities, our team is your partner in this journey. Together, we're building stronger families and more inclusive communities—one step at a time.
