Virtual Community Connections are Taking PRIDE in New Directions

The force of collective, creative brainpower at Seven Hills Family Services (SHFS) cannot be weakened in the path of a pandemic. Give this team a challenge—even on the scale of COVID-19—and they will find a way to support their families and lead them through a wellspring of fun along the way.

Since the introductory virtual issue of PRIDE in June, SHFS participants and their families have been Zooming into action like never before. They’ve prevailed over Superhero Showdowns, immersed themselves in Harry Potter Movie Nights, Danced like the Stars, and matched wits and recall to beat the buzzers at Jeopardy. Never before have living rooms seen so much action, giving couches and recliners a much-needed respite of their own.

It wasn’t all fun and games, however. In between the event planning, SHFS staff answered the call to help so many families supported who were in need of basic supplies and guidance in the navigation of pandemic protocol. Family Support Center (FSC) staff were on standby to help ease the strain of families who were reeling from the loss of a job or child care, illness, and more. Teams were dispatched by Department of Development Services (DDS) to deliver grocery gift cards and electronic equipment, as well as connect families to vital community supports.

Ongoing communication has been the norm with families tuning in to Zoom communication with FSC staff, a practice that will continue into the new normal. This positive response culminated in It’s A Wrap, a new weekly session to review the events of the week, learn about upcoming trainings, and provide feedback.

All of the exciting new offerings as well as all the old-time favorites are made possible, in part, through the annual New Beginnings Charity Golf Tournament. This year’s event is being held Monday, October 19, at Highfields Golf & Country Club in Grafton, MA. This signature SHFS fund-raising event donates 100% of the proceeds to the affiliate’s Community Connections program that supports adults with disabilities. Many of the listings and features you read about right here in PRIDE are made possible through support from New Beginnings. Keep these opportunities alive by participating in this year’s New Beginnings as a golfer, sponsor, or donor.
